Protecting and  
commemorating  
the surviving sites and  
monuments of  
Jewish cultural heritage  
in Poland

**FRIENDS OF JEWISH HERITAGE IN POLAND** was founded and registered as an independent, non-profit organization in 2016. We are an IRS-approved 501(c)(3) public charity qualified to receive tax deductible and charitable RMD gifts under US law.

Our primary mission is to protect and commemorate the surviving sites and monuments of Jewish cultural heritage in Poland.

Projects include cemetery and synagogue maintenance and restoration, all actively continuing despite the pandemic. We support a major documentation and repair project at the Tarnów Jewish cemetery. Active cemetery projects include those in Goniądz, Kałuszyn, Krośniewice, Markuszów, Nowogród, Ostrowiec Świętokrzyski, Przasnysz, Sieniawa, Tuszyn, Wysokie Mazowieckie and Zambrów. The cemetery in Lubartów and the synagogue in Przysucha are in urgent need of your generous support. With your help we can support projects in your towns of ancestral interest. We proudly partner with The Matzevah Foundation, JewishGen, and multiple non-profit Polish organizations doing this work.

We also support the Foundation for the Preservation of Jewish Heritage in Poland (FODŻ), established in 2002 by the Union of Jewish Communities in Poland and the World Jewish Restitution Organization (WJRO). Its primary mission is to protect and commemorate the surviving sites and monuments of Jewish cultural heritage in Poland.
